### Introduction to the North Clay Athletic Handbook

*Parents/guardians: Please review the handbook carefully and keep it throughout your participation as a North Clay athlete. The staff and administration welcome you to the North Clay athletic program. Good luck and enjoy your participation in North Clay's athletics.*

#### NORTH CLAY CUSD #25 PHILOSOPHY OF ATHLETICS

- As a part of the athletic team, you are a representative of North Clay. This requires you to demonstrate appropriate behavior during athletics, in the classroom, and in the community.
- Quality student athletes make for a quality athletic program. Quality athletes display good sportsmanship at all times.
- Athletics are an important part of the total school program.
- Participation in a sound athletic program contributes to the development of good health, physical skills, emotional stability and social confidence.
- A good athletic program should teach the participants a spirit of competition and the value of cooperation.
- The ability to perform, to experience defeat without excuses, to experience victory without gloating, to learn self-discipline, to follow the rules of the game and team, to exhibit good sportsmanship, and to train one's body as is necessary for athletics participation are all important in the development of young men and women.

#### DISCLAIMER

This handbook is not intended to create a contractual relationship with the parents or student/athletes. It is intended to describe the athletic programs, practices, processes, rules, and regulations. Membership or participation in a school-sanctioned activity is a privilege and not a right. This handbook cannot be all-inclusive, and as in any situation in an ever-changing society, changes may occur upon Board of Education approval.

#### CODE OF ETHICS FOR COACHES

North Clay believes each student-athlete should be treated as an individual whose welfare shall be primary at all times. The coach must be aware that he/she serves as a model in the education of the student-athlete and, therefore, shall never place the value of winning above the value of character building. The coach must constantly uphold the honor and dignity of the teaching profession, in all personal contact with the student-athletes, parents, officials, athletic directors, school administrators, the state athletic associations, the media and the public. The coach shall strive to set an example of the highest ethical and moral conduct.

The coach shall support and enforce school rules for prevention of drug, alcohol and tobacco use and abuse, and under no circumstances shall allow the use of these substances. The coach shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total district program. The coach shall be thoroughly acquainted with the contest, state, and conference rules, and is responsible for their interpretation to team members. The coach shall abide by the letter and spirit of these rules at all times.

Contest officials shall have the respect and support of the coach. The coach shall not indulge in conduct which will incite players or spectators against the officials, or against each other. Public disrespectful criticism of officials or players is unethical and is strongly discouraged! Coaches shall actively use their influence to promote sportsmanship by working closely with parents, athletes, and administrators. Before and after contests, rival coaches should meet and exchange friendly greetings to set the correct tone for the event.

#### EXPECTATIONS OF PARENTS & FANS

The state athletic associations and North Clay believes that sportsmanship is a core value and its promotion and practice are essential. This code of conduct applies to all parents/fans involved in interscholastic athletics and activates. 1. Parents/Fans will promote academic, emotional, physical and moral well-being above desires and pressure to win. 2. Parents/Fans will teach enforce, advocate, model, and promote the development of good character including: Trustworthiness, Respect, Responsibility, Fairness, Caring and Citizenship. 3. Parents/Fans will respect participants, officials, opponents, and all others involved. 4. Parents/Fans will promote fair play and uphold the spirit of the rules in the activity. 5. Parents/Fans will model appropriate behavior at all times. 6. In the event that a North Clay fan is ejected, he/she will be suspended from North Clay games at the same level/event for 2 games.

#### PARENT/COACH COMMUNICATION

As your son/daughter becomes involved in the athletic program at North Clay, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way that they wish. This is the opportunity for your son/daughter to talk with their respective coach and discuss the situation. When they handle the problem, it becomes part of the learning and maturation process. There may also be situations that require a conversation between the coach and the parent. These are encouraged. It's important that both parties have a clear understanding of the other's position.

All coaches will submit their team rules to their building principals and principals shall pre-approve these rules before the season begins with practices. Coaches shall distribute these rules at the pre-season parent/guardian meeting. Parents/guardians shall sign and agree to rules distributed in order to participate.

The chain of command and procedures listed below to help promote a resolution

Step 1: Do not attempt to confront a coach before or after an athletic event or practice. This can be an emotional time for both the parent and coach. Meetings of this nature do not promote resolutions. A more productive meeting may be scheduled at a later date (make an appointment to speak with the coach by calling the school office).

Step 2: If the concern is not resolved, call the Athletic Director to arrange a conference. A meeting will be arranged with the coach, parent/guardian and athletic director.

Step 3: If the concern still can't be resolved then a meeting may be arranged with the principal.

#### THE LEADERSHIP QUALITIES OF A TEAM CAPTAIN

- Remember that team captain is a privilege and the following must be observed at all times: The team captain is chosen by the coaching staff of each sport.
- Role Model - hardworking, committed, dedicated, humble, leader by example, positive attitude, and

shows respect for coaches, teachers, adults and peers

- Exhibits good citizenship - dependable, loyal, trustworthy, and unselfish/has a great deal of pride in the team, school and community
- Committed to be alcohol, tobacco and drug free - shows social confidence
- Has strong self-image, mature, motivated, good communication skills
- Good school behavior - acceptable academic progress
- Willingness to follow team rules and act as a liaison between teammates, coaches, athletic director and principal
- If at any time these guidelines are not followed the privilege of being a captain may be forfeited.

#### STUDENT/ATHLETE CODE OF ETHICS

As a participant in the athletics at North Clay, I recognize the privileges of representation and participation that come to an athlete and sincerely assume the responsibilities and obligations that go with these privileges:

- Will know and practice correct training routines in accordance with the North Clay Athletic Policy and coaches' rules set forth before the season begins.
- Will recognize that I am expected to set a good example in regard to conduct and personal grooming as well as to dress appropriately. My coach/sponsor will determine appropriate dress.
- Realize that my actions and appearance represent my parents, my coach, my school, myself, my athletic program, and my community.
- Will work to apply the philosophy that nothing worthwhile is accomplished without hard work, application and the desire to succeed.
- Will strive to avoid cliques or special groups within the squads or in the school, which are operating under selfish motives rather than for the good of the team and of the school.
- Will respect and encourage excellence of performance and conduct regardless of who accomplishes it or where it is accomplished.
- Will believe that each squad member has his/her unique contribution to make in the position that he/she holds.
- Will recognize that a true athlete is one who, despite unjustified criticism, a losing season, or a better opponent, still has the determination to strive beyond his/her apparent ability.
- Will strive to give more than I receive.
- Will respect in good faith the role of teachers, coaches, officials, teammates and students as they affect my daily life.
- Will follow all team rules that are determined by the coach for a particular sport.
- Will realize that there are consequences for breaking the rules which may result in disciplinary action, determined by the school, coach, and athletic department. The rules may vary depending on each

sport/coach.

#### SPORTSMANSHIP/CITIZENSHIP

North Clay and state athletic associations place a high value on sportsmanship and citizenship. If a student /athlete exhibits poor sportsmanship/citizenship the following will apply:

A. On the first infraction:

1. Conference with the Head Coach, Athletic Director, Principal 2. Suspension from two (2) consecutive interscholastic contests at the player's highest level of participation. Player must also be on the bench in street clothes

B. On subsequent infractions:

1. A minimum suspension of four consecutive interscholastic contests at the player's highest level of participation up to dismissal from the squad. Player must also be on the bench in street clothes.

#### HAZING

Hazing is any act which subjects another student to physical or verbal harassment, mental or physical discomfort, intimidation, embarrassment ridicule, or demeaning activity committed by an individual student or group of students. These acts will not be tolerated and will result in appropriate action by the administration.

#### STUDENTS/ SPECTATORS CONDUCT AT ATHLETIC EVENTS

Students and spectators represent their school just as the athletes do. The conduct of students/ spectators and others at athletic contests is important to the climate of sportsmanship, as is the quality of athletic play. All spectators therefore should:

- Refrain from abusive remarks
- Recognize fine play and sportsmanship on the parts of both teams
- Be considerate of opposing teams, players and coaches
- Exercise self-control and personal responsibility in relation to others
- Show respect for the judgment of officials, referees and coaches
- Acknowledge fields, courts and equipment is the players and coaches domain during contests.
- Failure to follow these guidelines could result in the loss of attendance privileges at athletic events.

#### ATHLETIC INJURY AND ACCIDENT REPORTS

A. All participants in the athletic program must carry school insurance or sign an insurance waiver.

B. Any school-related injury shall be reported to the coach and an Accident Report Form must be filed with the office secretary not later than (1) business day after the incident.

C. If an individual has any special medical condition, the coach must be informed. D. Should an injury be

discovered after the athlete has returned home, he/she should seek medical treatment and report the incident to the coach.

#### TRAINING REGULATIONS AND ACADEMIC STANDARDS

In order to promote a high quality athletic program it is necessary to impose some rules on young men and women who have chosen to represent our school (These rules apply to all student/athletes regardless of their age and in conjunction with the District Random Student Drug Testing Policy).

The "Athletic Year" for North Clay athletes is defined as: 1st day of official practice of any sport within the district, whether it be high school or junior high, (even if the first day of student attendance hasn't occurred) until the last game or practice of any sport (even if school has dismissed for summer break)

If found in the possession or use of tobacco, drugs or alcohol, the following infractions will be enforced. FOR EACH STUDENT/ATHLETE. ONCE AN ATHLETE HAS RECEIVED A FIRST INFRACTION (AS DESCRIBED IN ITEM "A" BELOW). THIS INFRACTION SHALL CARRY AS THE FIRST INFRACTION FOR THEIR ENTIRE SCHOOL CAREER (including grade school athletics). A SUBSEQUENT INFRACTION WILL RESULT AS IN ITEM "C" BELOW :

##### A. On the first infraction:

Athlete will be suspended 1/3 of events (games,tournaments) for each sport he/she participates in during the school year. Athlete will participate in all practices assigned by the coach, and will sit on the team bench in regular clothing (no uniform) during all contests. Athlete will adhere to all other rules in place by coaches previously established before each season begins. Playing time before and after a suspension will be solely determined by the coaching staff. 1/3 of events is defined by one-third of the originally scheduled contests, regardless of cancellations, rain outs, etc. A tournament, whether local, conference, or state series (regional, sectional, super- sectional, state tournament combined) shall count as one (1) event in the equation. This means that it doesn't matter how many games are cancelled for whatever reason; the athlete will still serve suspension of the number of events that represented 1/3 of the originally scheduled contests.

##### B. Guidelines regarding the first infraction:

- Athlete will be suspended for 1/3 of the events that were established before the season began. If 1/3 of the season results in a percentage above a whole number, it will always round up to the next number of events. Even if there are 7 events left in a sport on a 20-game schedule, for example, the athlete would miss all seven of those events as well as 1/3 of a 20-game schedule equates to 6.33. 6.33 would round up to 7 events. If the 7th event is a tournament scheduled, that tournament counts as "one event". Regardless of how many events are cancelled/postponed/rained out/etc., the athlete would still miss the first 7 events actually played.
- Each event counts as "1" including a tournament. Any tournament that is scheduled including the state series which would include the regional, sectional, super-sectional, and state tournament counts as "1" event. Our conference tournaments, Dieterich Holiday Tournaments, Cardinal Classic, Pow Wow, etc. all count as one event.
- The athlete will miss 1/3 of the events regardless of the level of the sport he or she participates in.

- All athletes on suspension shall be at all practices according to the coach's expectations.
- All athletes shall be in regular clothing (no uniform) for all scheduled events.
- All athletes shall pay any other penalty imposed by the coach established prior to the start of that season regarding the conduct that is inappropriate.
- Playing time shall be solely determined by the coach, before and after any incident.
- Athletes (if seniors or in 8th grade) shall not participate in Senior Night or 8th Grade Night if currently suspended within this policy.
- Failure to follow through with all requirements of the first infraction shall result in a (1) one calendar year suspension from athletics.

C. For subsequent infractions: Athlete will be suspended for one (1) calendar year from the date of the start of the suspension from the particular incident.

D. If an athlete decides to drop a sport, he/she will be expected to:

- 1) Meet with his/her head coach of the sport and explain the reason for deciding not to continue to participate. This must be stated in writing by the athlete.
- 2) Return any equipment that has been checked out.
- 3) Meet with the head coach of a next sport he/she wishes to participate in.
- 4) If this is not done in an acceptable manner, that athlete should realize that he/she is in danger of being refused the opportunity to participate in future athletics.
- 5) Any act of disrespect or display of flagrant misconduct will be cause for immediate dismissal from the squad and North Clay Athletics. Any student/athlete who has been dismissed from a squad for an act of disrespect or misconduct shall be expected to meet with the building principal to explain their behavior and apply for re-admission to the athletic program.
- 6) If a student/athlete wishes to go out for a sport they must do so before the first game unless he/she is a transfer student. All regulations regarding residency and eligibility from state associations will be followed.
- 7) To be academically eligible, North Clay students must meet all state athletic and District standards. This includes the districts NO PASS/NO PLAY policy. Eligibility is turned in on Monday of every week and runs from Tuesday to Monday (after three weeks of ineligibility during the same season, the student/athlete will be dismissed from the squad). Ineligible athletes may be required to attend practice and games at the discretion of the parents.

## GENERAL REGULATIONS

Each participant must abide by all rules and regulations of the State Athletic Associations and the sport they are participating in.

- Each coach or sponsor will distribute a list of their team rules on or before the first day of practice. These rules shall be pre-approved by the building principal. The student/athlete and his/her parent or

guardian should sign these forms along with the handbook form. These forms must be completed and returned to their coach before they will be allowed to practice or participate in an actual contest between schools.

- The signed forms should be turned in to the Athletic Director 48 hours before the first scheduled practice. All students/athletes must have all forms turned in by this time including a physical exam.
- School attendance (prior to an event) - An athlete must be in attendance at least 1/2 day (11:30 a.m.) to be eligible to participate that evening in a game, practice, or tournament, unless they have a doctor's note or prior clearance through the principal. If a student becomes ill in the afternoon and leaves school, they will not be allowed to participate in that evening's event. Any participant with a doctor's excuse from P.E. on the day of a contest will automatically be ineligible from athletic competition (excluding scholar bowl).
- Suspension from school - The student/athlete is excluded from participating in any practice and/or game situation while the suspension is in effect, nor may they be on school grounds without prior approval from the principal. IF A STUDENT/ATHLETE IS SUSPENDED FROM SCHOOL AND IS IN THE MIDST OF AN ATHLETIC SUSPENSION FOR 1/3 OF A SEASON, SUSPENSION FROM SCHOOL WILL SUPERCEDE ANY EVENTS MISSED DURING THAT TIME COUNTING TOWARDS THE 1/3 PORTION OF A SEASON. IN OTHER WORDS, IF AN ATHLETE IS SUSPENDED FOR 7 GAMES (FOR EXAMPLE) AND HAS TWO GAMES LEFT TO SIT OUT FOR THAT SUSPENSION, RECEIVING A SUSPENSION FROM SCHOOL DURING THOSE TWO GAMES WILL EXTEND THE ATHLETE BEING SUSPENDED FROM TWO ADDITIONAL GAMES AFTER THE NEXT TWO EVENTS ARE CONCLUDED.

**PARENTS TAKING STUDENT/ATHLETE HOME AFTER GAMES:**All athletes will ride the bus to the game or event. Any exceptions must be cleared with the administration in advance of the scheduled event by submitting the Athletic Transportation Release form. Athletes will be released after an athletic contest to a parent/guardian provided the parent/guardian has signed the designated sign-out sheet.

**EARLY DISMISSAL** It is the policy of North Clay and the Athletic Department to schedule all athletic contests so that students miss a minimum of class time for travel to away games or home contests.

1. Head coaches should make sure arrangements with the Principal and/or Athletic Director to have students excused from class when ABSOLUTELY necessary because of travel or contest. 2. It is the responsibility of the student athlete to meet with his/her teacher the day before the class he/she is to miss because of an athletic contest.

#### USE OF ATHLETIC EQUIPMENT

- One of the values of athletics is to teach responsibility and this should apply to the care of the athletic equipment as well as school property. Equipment is issued, and each athlete is expected to take excellent care of this equipment.
- If the equipment needs repair or is not the right size, the athlete will exchange it and see that the change is noted on the equipment sheet.
- The athlete agrees to accept responsibility for any uniform and other school equipment. In the event that the athlete should lose or damage it, the athlete agrees to reimburse North Clay for its replacement value.

- Any person with unauthorized and/or misused athletic equipment may be subject to legal action to obtain equipment or damages. Parents can help enforce this by seeing that the athlete does not have this lost equipment at home.
- When an athlete completes a sport, he/she is ineligible to receive equipment for a new sport until he/she has paid all fees for lost equipment and turned in all other equipment previously checked out to him/her. He/she will also receive a one-game suspension for each week being late in returning his/her equipment in any sport participating in during the school year (carried over to the next year if needed).
- If equipment is not returned then, grade cards/transcripts may be placed on hold until all equipment is returned or the school is reimbursed. All equipment must be turned in no later than one week after the last date of competition.

ISSUING OF ATHLETIC EQUIPMENT Each head coach is directly responsible for the care and control of all equipment used in his/her program.

1. Coaches will follow the established system to distribute and collect athletic equipment that is determined by the Athletic Director. Each coach must also maintain an equipment list that is to be turned in to the Athletic Director at the beginning and conclusion of each season. 2. Coaches should select student managers and thoroughly explain their duties. These individuals are key to good equipment control and maintenance. 3. The head coach, although he/she may delegate the issuing of equipment to assistant coaches, is ultimately responsible for the issuing of equipment to all team personnel. Each coach should have the knowledge to ensure properly fitting equipment. DO NOT leave this to the student manager. 4. Coaches must instruct players in the proper use, care (cleaning), and maintenance of their equipment at the time of issue. 5. Coaches must periodically inspect and review the equipment issued to the student athletes to ensure safety. Helmets, bats, nets, supporting poles, etc., may break or deteriorate and become unsafe during the year. Replace unsafe or defective equipment must be replaced. Facility hazards should be reported to the Athletic Director or Principal immediately.

#### WEIGHT AREA SAFETY

1. There shall be no weight lifting without a coach being physically present.
2. Absolutely NO horseplay.
3. Under no circumstances should anyone lift alone.
4. NEVER interfere with a person who is lifting.
5. Make sure that the area is clear of equipment before lifting.
6. Make eye contact with nearby students before lifting.
7. Return weights to rack.
8. Make sure collars are snug.
9. Spot carefully!! Concentrate on the lifter.
10. Keep the weight area clean. Do not bring food, glass bottles, etc.
11. Protect the lower back: head up, buttocks down when lifting; spread the chest.
